DENTAL PROPHYLAXIS: The dental prophylaxis included in the Care Package is for a routine 35 minute dental cleaning that does not involve dental extractions or radiographs. Additional dental treatments beyond a cleaning are charged at additional fees. Blood testing is performed at the time of the procedure to ensure that your pet is healthy enough to undergo the procedure and anesthesia. Blood abnormalities may require postponing the procedure. You will be responsible for the cost of any additional blood panels outside the program needed to ensure that blood abnormalities have resolved.

PLAN CANCELLATION: All care package services are sold as a bundle at a discount under annual contract divided into payments. Care packages can be cancelled at any time. If a package is cancelled before the end of its term for any reason, you are responsible for any remaining payments or the full retail value of services and discounts provided to you under the program, whichever is less. A \$40 early cancellation fee will apply.
